

EMILY W. MURPHY

Emily W. Murphy is a leading expert in government contracting and the business of government. She has held multiple leadership roles in the federal government, most recently serving as Administrator for the U.S. General Services Administration. She has also served in multiple leadership roles on congressional committees for the U.S. House of Representatives.

Emily served as the GSA Administrator from 2017 to 2021, leading a workforce of more than 11,000 federal employees, and overseeing 371 million square feet of office space and \$75 billion in annual contracts. As Administrator, Emily increased GSA's sales by 36%, from \$55 billion to \$75 billion, increased revenues by \$8.2 billion, and saved customer agencies \$21.6 billion. Under her leadership, GSA had the highest customer, vendor, and employee satisfaction scores in the history of the agency.

Prior to being confirmed as Administrator, Emily served as the Senior Advisor at GSA and oversaw the merger of the Federal Acquisition Service and the Technology Transformation Service. During the administration of President George W. Bush, Emily was appointed as GSA's first Chief Acquisition Officer from 2005 to 2007. In that role, she was responsible for more than \$40 billion in acquisition programs. Emily also served at the U.S. Small Business Administration from 2004 to 2005 as the Senior Advisor for Government Contracting and Business Development, and as Acting Associate Administrator for Government Contracting.

In addition to her seven years of senior roles in the Executive Branch, Emily spent nine years serving in various procurement policy and leadership roles for the House of Representatives. She served as Counsel and Professional Staff Member to the Committee on Armed Services, negotiating acquisition and industrial base provisions in military public policy. She also held Senior Counsel and Policy Director roles for the Committee on Small Business from 2011-2016, where she directed the legislative and oversight agenda of the Committee and authored over a hundred contracting reform provisions that ultimately became law. Emily previously worked for the Committee from 1997-2000, focusing on government contracts matters, disaster loan policy, and telecommunications issues.

In the private sector, Emily was the General Counsel and Vice President for Operations for TerreStar National Services Inc., a wholly owned subsidiary of TerreStar Networks, which operated integrated satellite and terrestrial telecommunications systems. She also practiced government contracts law with Wiley LLC as an associate from 2001 to 2003.

Emily is a graduate of the University of Virginia School of Law and Smith College. She is a member of the Young Presidents Organization, the Economic Club of Washington DC, and the Chief Executives Organization.

Maria Roat

Office of the Chief Information Officer

Maria is the Deputy Federal Chief Information Officer in the Office of Management and Budget (OMB), Office of the Chief Information Officer. Maria advises on the formulation of federal IT policy and applications and on the clearance of legislative proposals, and the development of executive orders. She assists with oversight and implementation of agency IT practices across federal IT systems, and provides input into the development of the annual President's Budget Request so that it reflects Federal CIO and Administration priorities across federal departments and agencies. Maria works closely with the Federal CIO, Federal CIO Council, Federal Chief Information Security Officer and key stakeholders in OMB and across government and industry.

Maria began her career in the United States Navy as a Data Processing Technician. She later worked for the Department of the Navy in various technology and engineering positions. Maria served at the Department of Homeland Security, Department of Transportation and the Small Business Administration in a number of technology leadership positions. She was in the private sector for 5 years deploying and managing global enterprise technology programs. Maria retired from the U.S. Navy in 2007, with 26 years of active duty and reserve service, in which she obtained the rank of Master Chief Petty Officer, Information Systems Technician.

Maria is a graduate of the University of Maryland earning a Bachelor of Arts in Information Systems Management, Harvard Business School Executive Education Program for Leadership Development, and the Navy Senior Enlisted Academy.

MSD Leadership Bio

Mary Davie, *Deputy Associate Administrator for Mission Support Directorate*

In December 2020, Mary Davie was appointed to the position of Deputy Associate Administrator for Mission Support Directorate (MSD) where, in partnership with the Associate Administrator, she develops strategy and facilitates delivery of NASA's institutional support functions (CXOs), encompassing an annual budget of over \$3B and a workforce of over 7,000 people. Davie serves as the agency focal point for Centers and other offices on matters relating to mission support requirements, including balancing Mission Directorate, Mission Support Office, and Center priorities, and leading inter-center work assignments. Davie leads MSD in improving mission support processes, increasing efficiencies, and providing consistency and uniformity across institution capabilities and services.

Previously, Davie served as Deputy Associate Administrator for Mission Support Transformation, leading transformation efforts across NASA's mission enabling services, through the development and execution of an ongoing transformation processes and support services that continues to meet customers' evolving needs. She also served as the Program Executive of the Mission Support Future Architecture Program or MAP.

Prior to joining NASA, Davie served as the Director of the GSA Program Management Office for Human Capital Shared Services and the Deputy Commissioner of GSA's Federal Acquisition Service (FAS) responsible for regional operations contributing to the delivery of more than \$50 billion in products, services, and solutions used by federal, state and local agencies.

From 2011 to 2017, Davie served as the Assistant Commissioner (AC) of GSA's Office of Information Technology Category (ITC) in FAS. FAS provides buying platforms and acquisition services to federal, state, and local governments for a broad range of items ranging from office supplies and motor vehicles to information technology products and services. Within FAS, ITC offers agencies access to a wide range of commercial and custom IT products, services and solutions.

During her tenure with ITC, Davie led a highly skilled workforce that manages more than \$25 billion in federal, state, and local purchases of IT and telecommunications products, services and solutions critical to defense and civilian agencies' success. Under her leadership, ITC transformed into an organization providing expertise and solutions in IT hardware, software, services, telecommunications, cybersecurity and shared services. ITC has helped agencies meet mandates of the Cloud First Policy, the 25 Point Implementation Plan to Reform Federal IT Management, the Cyber Security National Action Plan and Cyber Implementation Plan, Data Center Optimization, FITARA, Category Management, and Strategic Sourcing.

Davie served as FAS Acting Commissioner from August 2012 to February 2013, setting strategic direction and leading the delivery of more than \$50 billion of products, services and solutions designed to save taxpayer dollars while helping agencies more efficiently achieve their missions.

In 2006, Davie was Assistant Commissioner for FAS' Assisted Acquisition Services, which provides customized acquisition, project and financial management services for large or

complex IT and professional services solutions. In 2009, she launched the BetterBuy Project, one of the first attempts to use social media to gain the public's ideas on how to make the federal acquisition process more open, collaborative, and transparent.

During her 30-year career, Davie has held numerous leadership positions in the IT community. A major contributor and supporter of the American Council for Technology, she served as its president from June 2011 to May 2012. In 2004, GSA and the Office of Federal Procurement Policy selected Davie to co-lead the Federal Strategic Sourcing Initiative with the Department of Treasury, where she led 23 federal agencies in developing government-wide acquisition strategies for commonly purchased goods and services.

Winner of the Presidential Rank Meritorious Executive Award, her other honors include the 2016 Federal Computer Week (FCW) Government Eagle Award for her contributions to federal IT. She is also a multi-year winner of FCW's Fed 100 Award. In 2016, FedScoop named Davie one of D.C.'s Top 50 Women in Technology, awarding her their FedScoop Federal Leadership Award. Davie is also a Fellow with the National Academy of Public Administration.

Davie has a Master of Business Administration with a focus in technology management from University of Phoenix and two Bachelor of Science degrees in business finance and business management from Virginia Tech.
